

Md Mehedi Hassan

Software Developer

hassanmehedi685@gmail.com | +8801644559146 | [Github](#) | [LinkedIn](#) | Dhaka, Bangladesh

Objective

Motivated Junior Software Developer with hands-on experience in React, Node.js, and REST API development. Skilled in building scalable web applications with strong problem-solving ability and solid programming fundamentals. Eager to leverage React and Firebase technologies to develop efficient, user-focused solutions in a collaborative environment.

Projects

• Todo REST API

[Github Link](#)

- Built a secure REST API with dual-token JWT auth, HttpOnly cookie-based refresh tokens stored in MongoDB with TTL-based auto-expiry and reuse prevention
- Implemented RBAC via reusable Express middleware with user/admin roles, two-tier rate limiting, and route-level access control to mitigate brute-force attacks
- Structured in MVC architecture with paginated, filterable, and sortable list endpoints cleanly separating concerns across models, controllers, routes, and middleware

Stack used: Node.js, Express.js, MongoDB, JWT, Cookies, REST API, RBAC, MVC Arc · Rate Limiting

• Pwallet – Personal Finance Web App

[Github Link](#)

- Built a mobile-first MFS wallet app (Payooo) with PIN-authenticated login, a 6-service dashboard
- Implemented real-time balance updates with PIN verification and insufficient-balance validation on Add Money and Cash Out flows
- Translated a self-designed Figma prototype into a pixel-accurate frontend

Stack used: HTML5, CSS3, Tailwind CSS, DaisyUI, Vanilla JavaScript, DOM Manipulation

• Automated Linux Environment Installer

- Developed Bash script to automate installation of development tools and packages
- Reduced manual setup time significantly for Linux environments
- Applied scripting logic and system-level automation concepts

Skills

- **Programming Languages:** C, C++, JavaScript
- **Backend:** Node.js, Express.js, REST API Design, Middleware Architecture, JWT, RBAC, Rate Limiting
- **Frontend:** HTML, CSS, TailwindCSS, DaisyUI, React
- **Database:** MySQL, MongoDB
- **Tools & Concepts:** Git, GitHub, Linux, CLI, OOP, HTTP, API Security, Cookie, CORS, Mongoose
- **Problem Solving:** [Codeforces](#) | [CodeChef](#) | [LeetCode](#) | [UTA \(4th Rank\)](#) | Solved 500+ problems in online
- **Soft Skills:** Problem Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability

Education

• Daffodil International University, Dhaka, Bangladesh

- B.Sc. in Computer Science and Engineering (**CGPA: 3.68** out of 4.00)

2022 - 2026

Extra-Curricular Activities

• Trainer & Judge

- Mentored 20+ students in data structures and algorithms
- Worked as a judge in CodeConomics and CodeConomics-2.0 programming contest

Languages

- Bangla (Native), English (Fluent)
